THE HARBOUR LEAGUE

PRESENTS

AMERICAN GRIT

WHAT IT WILL TAKE TO SURVIVE AND WIN IN THE 21ST CENTURY

(BALTIMORE, MD) – In his talk, *American Grit*, nationally syndicated columnist Tony Blankley warns that the administration of Barack Obama is a potential disaster at a dangerous time for America.

Challenging Americans to recapture the spirit of sacrifice that has historically characterized our nation, Blankley demonstrates how Obama's agenda, with its emphasis on environmental sensitivity, military retreat, and the diminution of executive branch powers, promotes national weakness as a righteous ideal. In contrast, Blankley puts forward his own nationalist program based on toughness, resoluteness, and grit—traditional American values totally absent from Obama's agenda.

Filled with solutions to problems ranging from the detention of enemy combatants to dealing with aggressive petro-states like Russia, Venezuela, and Iran, Tony Blankley demonstrates how this country can emerge from its current domestic and military challenges as a stronger, more unified, and more tenacious nation—and why under President Obama, it won't.

Tony Blankley is Executive Vice President of Edelman global communications, a nationally syndicated columnist with Creators Syndicate, co-host of KCRW's *Left, Right & Center*, and a popular radio and TV pundit. For five years he was the editorial page editor of the *Washington Times*, for ten years a panelist on the *McLaughlin Group*, and for seven years press secretary to then Speaker of the House Newt Gingrich. Before that he served President Ronald Reagan as a speechwriter and senior policy analyst.
